

# What to expect in Class 3...

- In Class 3, you will be taught by me, Miss Mackle.
- We will come up with our class rules together on our first day. Everyone is then expected to follow these.
- We work together as a team.
- There will be lots of exciting, topic-linked learning just like in all of your previous classes.
- Frozen Frontiers is one of my favourite topics - we get really hands on with working scientifically, I love fun science experiments!
- In Class 3, we start to practise our times tables a lot more, there is a real expectation that you practise your times tables at home regularly - there is a great app you can use for this.
- There's a class worry box so you can use it to share any worries you may have.
- I love computing and I really hope you enjoy the awesome computing projects we have planned.
- We will have lots of fun together over the year. I can be very excitable and love it when we have fun together, but I expect everyone to be respectful and follow the rules so that we can do this.

# All about Miss Mackle...

## Things that are important to me:

I am a mum to a boy called Ruairi, he goes to a different school and will also be starting Year 3 in September! He and I are a dynamic duo and I love to practise some of our class work at home with him to see how much you will enjoy it!

It means a lot to me to be environmentally friendly, my house is filled with lots of eco swaps and I always try to reduce, reuse and recycle - I'd love to hear if you do this too!

I'm very tech savvy and enjoy making things on computers. I'm quite a good artist as well and draw digital artwork on my tablet at home!

## Things to know about me as a teacher:

- I will always be respectful and polite to you and expect you to do the same to me and everyone else in school.
- Trying your best is the most important thing.
- I love to know all about the things that are important to you inside and outside of school.
- I love hearing about things you already know about our topics, if you have something special to share related to our learning, please ask me and we can fit it in to our week.
- If something is worrying you, I want to know about it - talk to me!
