

# What to expect in Class 5...

- In Class 5, you will be taught by me, Mrs. Watson.
- We will come up with our class rules together on our first day. Everyone is then expected to follow these.
- We work together as a team, everybody showing mutual respect and kindness.
- There will be lots of exciting, topic-linked learning just like in all of your previous classes.
- Maths, Science and History are some of my favourite topics. I love learning about how the world works and what has come before to make our world like it is now.
- In Class 5, there is a real expectation that you read a lot at home – reading is the most important homework you can do! I love having book recommendations from you (or even book loans) so please share some with me. I am a firm believer that you will never watch a movie better than a good book – but we can have lots of fun debating this point!
- There will be an ‘Ask It Basket’ in our class so you can share any worries or questions that you have before or during Year 5.
- We will learn lots together, all I ask is that you try your very best and go home every day thinking ‘I tried my hardest today’.

Please fill in the ‘All About Me’ booklet (you will be given this on Monday) and bring it back with you in September 😊

# All about Mrs. Watson...

Things that are important to me:

My family (I have 2 daughters) and my two dogs; Ralph and Bertie. I really enjoy taking them on lots of new and interesting walks. They are so cute but bark a lot sometimes!

Books – I really enjoy reading lots of different books and try to read at least four when I go on holiday.

Spending time with my family and friends – I love spending time with my friends and family whether it is enjoying a walk, travelling, running, or walking.

Gardening – I have just started to find my love of gardening; I find it rewarding but hard work!

Travelling – I like to travel as much as possible and enjoy going to different places and learning about other cultures. I always try to book a bike tour when I go to a new city – I think it's one of the best ways to see all of the interesting sites.

Things to know about me as a teacher:

- I like to think of you all as stars; you are shining away but it's my job to help you shine as brightly as possible.
- One of my biggest tips to anyone of any age is to treat people with kindness and how you want to be treated yourself.
- Trying your best is the most important thing.
- I love to know all about the things that are important to you inside and outside of school.
- I like it when people give me book recommendations.
- If something is worrying you, I want to know about it – talk to me!
